DEMOCRATS ATTEND THIRD WARD MEETING

Mayor John A. Herzog is Principal Speaker and Pays a Glowing Tribute to Democratic Candidate.

A very enthusiastic and rousing meeting was held the democrats at the third ward headquarters last evening before a crowd which taxed the building to its capacity.

Mayor John A. Herzog was the principal speaker of the evening. Paying a glowing tribute to Hon. M. W. Mix, democratic candidate for mayor. He briefly outlined the remarkable career and good work done by Mr. Mix when he served as mayor eight years ago and urged the voters to send him back to the office of mayor of Mishawaka.

He attacked the statements made by the independents that the taxes were far above the rate which existed in the past years and cited the exact figures which now prevail. He also charged the independents with falsely misrepresenting to the people that the present administration spent money and made improvements that were unnecessary, stating that it was only one of the tactics that the independents are resorting to to achieve a success at the polls in the coming election.

Following Mayor Herzog other speeches were made by candidates and prominent democrats; among them were J. Fred Bingham, candidate for city judge; James L. Kennedy, candidate for city clerk; City Treas. Joseph L. Ganser, David Burkhardt and Edward L. Mason, candidates for councilman-at-large and George Zimmerman, candidate for councilman of the third ward.

August DeGroot presided as chairman of the meeting.

TAXI DRIVER ARRESTED.

Otis Sprout, a well known taxi driver of this city, was arrested Friday afternoon by Traffic Officer Terhush for violating the traffic ordinance recently passed by the common council. The patrolman claims that Sprout passed a south side car at the four corners while passengers were boarding the car and that he narrowly missed striking a woman. He was taken to the police station but owing to a passenger he had for the afternoon his hearing was postponed until next Tuesday afternoon.

MINISTERS HAVE BUSY MEETING ON FRIDAY

GEN. HUERTA THROWS GAUNTLET BEFORE U.S.

Asserts Interference May Result in Setting Aside of Monroe Doctrine and Bringing Crisis.

BULLETIN.

MEXICO CITY, Oct. 25.—Grave rumors involving the safety of Felix Diaz at Vera Cruz were circulated here Friday. He had notified his friends that he would arrive here at 10 a. m., and when he failed to do so the report was quickly spread that something had happened to him.

WASHINGTON, Oct. 25.—Pres.

Huerta will not accept election to the Mexican presidency at the polls on Sunday. Secy. of State Bryan Friday announced this word has come to Pres. Wilson through Charge d'O'Shaughnessy at Mexico City who received the pledge from Gen. Huerta at the conference with the diplomatic corps in Mexico City Thursday.

Secy. of State Bryan issued the following statement:

"Our embassy informs us that at 12 o'clock Thursday, Gen. Huerta received the diplomatic corps and in the presence of his cabinet gave out a statement in which he said that as he had reason to fear that some of his friends would propose him as a candidate for the presidency at the polls and would vote for him, he wished to make it known that such a vote would be null and void, that even if he should receive a majority of votes cast his election would be null and void. And that he would not accept a mandate from the people at this time.

THROWS DOWN GAUNTLET.

MEXICO CITY, Oct. 25.—Gen. Huerta has boldly thrown down the gauntlet to the United States. In the most bellicose statement which has come from the national palace, he said:

"Should the United States fail to recognize the established Mexican government, it will run the risk of precipitating in Mexico a crisis which might bring the government in Washington face to face with foreign governments and which might result in the setting aside of the Monroe doctrine."

Huerta defended his own dictatorship, saying:

"The best government Mexico ever had is a few and it will be a long time before Mexico will have any other kind of government."

"Washington can give no sufficient answer to the people of the United States before the people of Europe, if through its conduct, consequence so repugnant to the universal sense of justice is brought about."

"If a crisis is forced on Mexico no mere blockading of the ports of Mexico will be of any value for the collection of interest and principal of anybody's debts, and as the United States is, by its proximity, the only country which can enforce the will of a foreign government on Mexico, the result would be in the long run that the people of the United States would be involved in a conflict which would cost in addition to at least 250,000 lives, more money than the entire foreign investment in Mexico. There can be no sufficient reason given for permitting such a calamity to occur."

"Mexico can handle her own affairs best and Mexicans best know how to do it."

Church Men Make as Good Builders as Worshippers

Application of the carpentry lessons learned in the construction of the Billy Sunday tabernacle is being made by the men of the Lowell Heights M. E. church, who have put on overalls and nail aprons and are building a \$200 addition to the church.

Only a short time ago the men of the church completed the parsonage for the pastor, Rev. Arthur Schaefer, who is acting as supervisor in the construction from the mixing of the mortar for a sidewalk to the construction of the foundation was done by the men. Plans were drawn up by them and on several social evenings last spring when preliminary plans were made the men even went as far as to set their own banquet luncheon, cooking and serving the food.

But few of the helpers allege they are really carpenters. However, nearly every man of the church has acquired the ability to hit a nail and use the saw. Office men, bankers and doctors are as willing to callous their hands as the others and all are taking active part.

The new addition will be 16 by 45 feet and is being constructed west of

the old church. With the labor already donated it is believed that the church will be completed in 30 days. Plans are being made for the new addition of the church. The new addition will be used by the Sunday school, young people's societies and the Kappa Sigma Pi boys.
